For removal of doubts, it is hereby clarified that non-verification of the vehicle at the declared place by the Authorised Officer during any period shall not be a ground to claim that the vehicle had been at that place during that period.

12. The premises where the vehicle is parked under non-use shall, at all times, be kept open for the authorities to enter therein and inspect the same. The vehicle shall be parked in such a way that the engine and the chassis numbers are easily accessible to the authorities.

14. If any motor vehicle is confiscated or seized by any authorities of the Central or State Government, the non-use shall be intimated either by the owner of the vehicle or by the officer empowered to confiscate or seize the same. A letter of confirmation from those authorities regarding confiscation or seizure of the vehicle, as the case may be, shall be submitted along with the application for non-use.

16. The Taxation Authority may summarily reject an application for non-use, if any of the requirements stated above are not complied with by the applicant.
17. At the time of return of documents after the expiry of the period of such non-use to the owner or to any other person who had made the application for non-use, the Taxation Authority, if satisfied that all the conditions mentioned herein are satisfactorily complied with, shall cause an entry to be made in the Taxation

Card, specifying the period during which the motor vehicle was under non-use.

9. Except as provided under Clause 10 herein below, the motor vehicle shall not be removed during the period of exemption from the place where the motor vehicle is kept, without the prior permission of the Taxation Authority.
10. Subject to the provisions of Rule 206 of the Karnataka Motor Vehicles Rules, 1989, the Taxation Authority may, on an application made to it in writing, permit towing of the motor vehicle kept under non-use from its declared place of garage to any other place. Such permission shall, in addition to the conditions in Clauses 5, 6 and 7 hereinabove, be subject to the following conditions, namely:—
- (i) The application for towing shall indicate the date and time at which the towing is proposed to start and the date and time at which the towing shall be completed. In case the towing is not carried out as declared, a fresh application for the towing shall be made to the taxation authority;
 - (ii) The motor vehicle being towed shall not be driven on its own power, but shall be towed with the help of another motor vehicle;
 - (iii) All the documents like Registration Certificate, Fitness Certificate, Insurance Certificate, Tax Card, Permit etc., in respect of the other vehicle shall be valid and shall be produced to the Taxation Authority along with the application for towing permission. The Taxation Authority shall retain such documents until it receives the communication under sub-clause (vii) hereinbelow. The fact of retention of such documents shall also be mentioned by the taxation authority in the order of permission to tow;
 - (iv) The towing of the vehicle shall be carried out only during the period from half an hour before sunrise to half an hour after sunset;
 - (v) No person or passenger or goods shall be carried either in the towing vehicle or in the vehicle towed except the drivers and attendants of the vehicles;
 - (vi) The towing operation shall be carried out without causing any hindrance, obstruction danger or inconvenience to other users of the road;
 - (vii) The towing shall be completed within the time schedule mentioned by the applicant in the application for towing. The fact of having towed the vehicle to its destination shall be intimated in writing to the Taxation Authority immediately thereafter;

- (viii) The conditions mentioned in Clauses 9, 11, 12 and 13 shall apply *mutatis mutandis* at the place where the motor vehicle is kept.
11. The taxation authority or any other officer authorised by him in this behalf may inspect the motor vehicle at the place where the motor vehicle is kept, to satisfy himself regarding identity of the vehicle and its non-user.
- For removal of doubts, it is hereby clarified that non-verification of the vehicle at the declared place by the Authorised Officer during any period shall not be a ground to claim that the vehicle had been at that place during that period.
12. The premises where the vehicle is parked under non-use shall, at all times, be kept open for the authorities to enter therein and inspect the same. The vehicle shall be parked in such a way that the engine and the chassis numbers are easily accessible to the authorities.
13. If, on such inspection, the motor vehicle is not found at the place where it is intimated to have been kept, or the motor vehicle is otherwise removed from that place, it shall operate as a single 'default clause' and exemption from payment of tax from the date of non-use shall not be available in respect of such vehicle.
14. If any motor vehicle is confiscated or seized by any authorities of the Central or State Government, the non-use shall be intimated either by the owner of the vehicle or by the officer empowered to confiscate or seize the same. A letter of confirmation from those authorities regarding confiscation or seizure of the vehicle, as the case may be, shall be submitted along with the application for non-use.
15. In case of theft of any motor vehicle, the non-use may be intimated to the Taxation Authority in the manner stated above along with documents of the vehicle and a copy of the First Information Report. If the documents of the vehicle are also stolen, a declaration to that effect shall be made in the application.
16. The Taxation Authority may summarily reject an application for non-use, if any of the requirements stated above are not complied with by the applicant.
17. At the time of return of documents after the expiry of the period of such non-use to the owner or to any other person who had made the application for non-use, the Taxation Authority, if satisfied that all the conditions mentioned herein are satisfactorily complied with, shall cause an entry to be made in the Taxation

Card, specifying the period during which the motor vehicle was under non-use.

3. The Registration Certificate, the Fitness Certificate, the Insurance Certificate, Taxation Card and the Permit if any, in respect of the motor vehicle shall be surrendered along with the application to the Taxation Authority:
 Provided that, where one or more of such documents are seized or retained by any authority, a certificate obtained from such authority regarding such seizure or retention of those documents shall be produced along with the application for non-use.

4. Where a motor vehicle covered under hypothecation or hire purchase agreement or lease agreement is repossessed or seized by the financier and the documents relating to the motor vehicle are not with the applicant, a declaration to this effect shall be made in Form 30. Before seeking release of the motor vehicle from non-use, the financier shall produce the original documents or Fresh Registration Certificate of the vehicle in his name as the case may be.

5. The place where the vehicle is to be kept during non-use shall not be any public place or a public road.

6. Complete address (including PIN Code) of the place where the vehicle is proposed to be kept under non-use shall be declared in Form 30. Unless the applicant himself is the owner of the place, address proof and consent letter of the owner of the place, where the vehicle is intended to be kept during the period of non-use shall be produced along with the application for non-use.

7. The motor vehicle shall be kept under non-use at a place situated within the State of Karnataka:

9. Except as provided under Clause 10 herein below, the motor vehicle shall not be removed during the period of exemption from the place where the motor vehicle is kept, without the prior permission of the Taxation Authority.
10. Subject to the provisions of Rule 206 of the Karnataka Motor Vehicles Rules, 1989, the Taxation Authority may, on an application made to it in writing, permit towing of the motor vehicle kept under non-use from its declared place of garage to any other place. Such permission shall, in addition to the conditions in Clauses 5, 6 and 7 hereinabove, be subject to the following conditions, namely:—
- (i) The application for towing shall indicate the date and time at which the towing is proposed to start and the date and time at which the towing shall be completed. In case the towing is not carried out as declared, a fresh application for the towing shall be made to the taxation authority;
 - (ii) The motor vehicle being towed shall not be driven on its own power, but shall be towed with the help of another motor vehicle;
 - (iii) All the documents like Registration Certificate, Fitness Certificate, Insurance Certificate, Tax Card, Permit *etc.*, in respect of the other vehicle shall be valid and shall be produced to the Taxation Authority along with the application for towing permission. The Taxation Authority shall retain such documents until it receives the communication under sub-clause (vii) hereinbelow. The fact of retention of such documents shall also be mentioned by the taxation authority in the order of permission to tow;
 - (iv) The towing of the vehicle shall be carried out only during the period from half an hour before sunrise to half an hour after sunset;
 - (v) No person or passenger or goods shall be carried either in the towing vehicle or in the vehicle towed except the drivers and attendants of the vehicles;
 - (vi) The towing operation shall be carried out without causing any hindrance, obstruction, danger or inconvenience to other users of the road;
 - (vii) The towing shall be completed within the time schedule mentioned by the applicant in the application for towing. The fact of having towed the vehicle to its destination shall be intimated in writing to the Taxation Authority immediately thereafter.

- (viii) The conditions mentioned in Clauses 9, 11, 12 and 13 shall apply *mutatis mutandis* at the place where the motor vehicle is kept.
11. The taxation authority or any other officer authorised by him in this behalf may inspect the motor vehicle at the place where the motor vehicle is kept, to satisfy himself regarding identity of the vehicle and its non-user.
- For removal of doubts, it is hereby clarified that non-verification of the vehicle at the declared place by the Authorised Officer during any period shall not be a ground to claim that the vehicle had been at that place during that period.
12. The premises where the vehicle is parked under non-use shall, at all times, be kept open for the authorities to enter therein and inspect the same. The vehicle shall be parked in such a way that the engine and the chassis numbers are easily accessible to the authorities.
13. If, on such inspection, the motor vehicle is not found at the place where it is intimated to have been kept, or the motor vehicle is otherwise removed from that place, it shall operate as a single 'default clause' and exemption from payment of tax from the date of non-use shall not be available in respect of such vehicle.
14. If any motor vehicle is confiscated or seized by any authorities of the Central or State Government, the non-use shall be intimated either by the owner of the vehicle or by the officer empowered to confiscate or seize the same. A letter of confirmation from those authorities regarding confiscation or seizure of the vehicle, as the case may be, shall be submitted along with the application for non-use.
15. In case of theft of any motor vehicle, the non-use may be intimated to the Taxation Authority in the manner stated above along with documents of the vehicle and a copy of the First Information Report. If the documents of the vehicle are also stolen, a declaration to that effect shall be made in the application.
16. The Taxation Authority may summarily reject an application for non-use, if any of the requirements stated above are not complied with by the applicant.
17. At the time of return of documents after the expiry of the period of such non-use to the owner or to any other person who had made the application for non-use, the Taxation Authority, if satisfied that all the conditions mentioned herein are satisfactorily complied with, shall cause an entry to be made in the Taxation

Card, specifying the period during which the motor vehicle was under non-use.
