It is suspected that Murthy has assets disproportionate to his known sources of income. In a couple of days his entire property and its source will be investigated.

Last year, Murthy was suspended from service after it was alleged that he had misappropriated funds amounting to Rs 10 crore during the legislature session in Belagavi. In July, his successor M K Vishalakshmi filed a complaint against him for not returning his seal and misusing it on the asset declaration documents.

He was booked under criminal breach of trust.
