**Bird flu: Districts  
bordering Kerala  
on high alert**

<sup>6/1/21</sup>  
BENGALURU, DHNS: A day after the Kerala government declared the outbreak of bird flu (H5N8) in two southern districts as a state disaster, Karnataka has put four bordering districts on high alert.

Following an advisory by the Ministry of Environment, Forests and Climate Change the Animal Husbandry department has put Dakshina Kannada, Mysuru, Madikeri and Udupi on high alert. Principal Secretary to Horticulture department Rajender Kumar Kataria, who holds additional charge of the Animal Husbandry department, said officials had been told to keep an eye on movement of poultry in border districts.
