Oppn to target 3 agri Ordinances

To seek discussion
on Ladakh stand-off
as well in monsoon
session

NEW DELHI, DHNS

The Congress-led Opposition on Sunday drew the red lines for the government for the monsoon session, saying that it would fight tooth and nail the three agriculture-related Ordinances and another to bring state cooperative banks under the supervision of the RBI.

Senior Congress leader Jairam Ramesh said the two Ordinances were related to agri-marketing reforms and another one amending the Essential Commodities Act removes commodities such

as cereals, pulses, oilseeds, edible oils, onions and potatoes from the ambit of the law.

"We have discussed with different political parties. We are opposed to the three agricultural Ordinances and the Banking Regulation Act Ordinance," Ramesh told reporters.

Ramesh said the aim of the Opposition parties was to have the four ordinances referred to a select committee for further examination.

Opposition parties are also seeking a discussion on the Chinese transgressions in Ladakh, the economic slowdown and rising unemployment.

Parliamentary Affairs Minister Pralhad Joshi said a final decision on the discussion on standoff with China would be taken on Tuesday when the government has plans to brief floor leaders about the situation.
