**FB India MD
refuses to appear
before Delhi
Assembly panel**

NEW DELHI, DHNS: Facebook (FB) India vice president and managing director Ajit Mohan did not appear before a Delhi Assembly panel on Tuesday questioning its jurisdiction to summon him, even as panel head and Aam Aadmi Party MLA Raghav Chadha saying that they will be left with no option but to invoke penal jurisdiction of the House against him if he refuses again.

The Committee on Peace and Harmony has summoned Mohan in connection with its probe against Facebook following allegations that it did not adhere to its own policy on taking down hate posts by some BJP supporters fearing that it will anger the ruling party and will have adverse business implications.

The panel also said it is of the belief that Facebook must be heard with regard to its role in Delhi riots.

Mohan has invoked the jurisdiction of the court as the reason for objecting to the notice for appearance.
