Minister S.A. Ramadas (*in picture*) testing positive for COVID-19 last Wednesday came as a surprise and shock to many in Mysuru who had seen the BJP MLA participate in B.R. Ambedkar Jayanti programmes barely hours earlier alongside several others.

A few media outlets even suspected that the former Minister had experienced symptoms of COVID-19 days earlier and had given his sample for a medical examination, but had hidden his status and chose to attend public programmes.

Mr. Ramadas was forced to issue a statement to clear the air. He claimed that he experienced headache and fever only after completing the public programmes held on Wednesday. For good measure, he shared a copy of the RT-PCR test, where his sample was collected at 11.29 a.m. and the result showing him positive was out by 2.20
