## Red alert in Kodagu dist.

SPECIAL CORRESPONDENT  
MYSURU

The India Meteorological Department (IMD) has issued red alert in Kodagu with a forecast of heavy rain on Thursday and Friday.

Accordingly, the Kodagu district administration has cautioned the public and urged them to remain in safer places in view of the forecast of moderate to heavy rain across the district.

Kodagu was battered by rain, floods and landslip last month, resulting in loss of lives and damage to properties. This is the third consec-

utive year that the district faced the devastation. The disaster response teams were still camping in the district with men and material positioned at vulnerable places for tackling rain-related emergencies.

The control room will be active 24x7 and public can call the helpline numbers 08272-221077 or WhatsApp to number 8550001077 for assistance, the administration said. Two days ago, the Central team visited Kodagu and conducted an assessment of the damage caused by last month's calamity.
