Modi hits out
at Congress,
'Urban Naxals'

MUKESH RANJAN @ Ranchi

ALLEGING that the Congress was creating a sense of fear among Muslims over the Citizenship Amendment Act (CAA), Prime Minister Narendra Modi on Tuesday dared the party to announce openly that it would accord citizenship to all Pakistani nationals.

Addressing an election rally at Barhait in Santhal Pargana, Modi also challenged them to announce that they will re-introduce Article 370 in Ladakh and Jammu and Kashmir.

"Let them make the announcement, people of this country will give a befitting reply," he said.

The Prime Minister also appealed to protesting college and university students to discuss the matter with the government in a democratic manner and cautioned them not to end up becoming tools of 'Urban Naxals'.
