## PAC seeks Health dept report over procurements

BENGALURU, DMNS: The Public Accounts Committee has sought a report from the Health department over complaints of corruption in procurement of various devices and protective equipment to fight Covid-19 crisis.

The committee headed by Congress leader H K Patil met on Tuesday to discuss the procurement of various items such as

ventilators, PPE kits, masks and others by the state government.

"The committee has received several complaints by the public over irregularities in procurement. Few were also raised by the committee members in the meeting," he said.

The equipment were pro-

cured by the Karnataka Drug Logistics and Warehousing Corporation over the past couple of months, when the country was under lockdown. According to a complaint, some safety equipment was procured at triple the cost in the market, while others were related to the low quality of procurement made.
